

Australia/New Zealand - Electrical Safety Standard Revision

28th October 2021

Industry call to comment – Please note deadline is 29th December 2021

AS/NZS 4249 is the Electrical Safety Standard that productions in Australia and New Zealand work to.

The last revision was 1994 so this one has been a long time coming.

We need to ensure that everyone involved in the industry has a chance to read and comment on this document as we could be working with it for a long time.

It makes reference to other Standards in particular AS/NZS3000 Electrical Installations (Wiring Rules) and AS/NZS 3002 Electrical Installations Shows Carnivals and Events.

AS/NZS 4249 opened for Public Comment on 27 October 2021.

- DR AS/NZS 4249:2021 Electrical installations and safety practices – Film, video and television sites

Comment Start Date: 27/10/2021

Comment End Date: 29/12/2021

A Public Comment Management System (PCMS), which contains instructions on how to access and comment on Standards, is also available at the following public link: <https://www.standards.org.au/StandardAU/Media/Academy/Public-Comment-Management-System-Guide-for-Members-of-Public.pdf>.
